Preaching Services.

Services 11 a. m. and 7.30 p. m. Lancaster Methodist Church morning subject; "A new way;" Evening "An old enemy."

Hot Weather.

The weather for the past ten days has been hovering in the vicinity of ninety degrees, the hottest May weather within the ken of the oldest inhabitant. But for the relief experienced by showers on 20th and 21st vegetation and growing crops would have suffered from the severe heat and drought.

Something New In Journalism.

We are indebted to the Louisville Evening Post for copies of their "Boosters Edition" issued on the train during their recent excursion into this neck of the woods. This is an innovation in Journalism that is but in keeping with the push and progress of these progressive Louisville business men.

Some Poultry.

H. B. Northcott the produce man has shipped during the month of May four cars of poultry to Armour & Co. Pittsburg, Pa. The cars consisted mostly of chickens and averaged 17,000 pounds net. And this is a dull time for chickens too, so one may draw some idea of what the produce business amounts to in this county in the course of a year.

Concluded His Duties.

On the 24th inst Mr. W. O. Rigney went to Broadhead Ky. where he inspected Broadhead Chapter U. D. Royal Arch Masons. This concluded Mr. Rigney's duties as Inspector for this district, a well deserved honor which was conferred upon him by High Priest Harry Bailey of Cynthiana, and which Mr. Rigney has performed in a very creditable manner.

To Be Commended.

The citizens of the community and the street committee are to be commended on the splendid condition in which they placed their premises and the streets in anticipation of the coming of the Booster's Club. Everything was as clean as a new pin. Now why not keep it that way, it will take very little extra care, and surely we should not have to be expecting company to make us keep our premises presentable.

Fixing Streets.

The Garrard Milling Co. make and sell such good flour that the City of Lancaster has seen fit to make a good street from depot St. down to the mill so that this prosperous firm's customers can have a good road. Mr. Horace K. Herndon is now interested in the mill as the book-keeper and we may add that he is well qualified to fill this position and will make many new customers for them.

A Sign of Thrift.

More traveling men visit Lancaster than ever was known in its history, the middle of each week finding the hotels crowded to overflowing. Traveling men often wire ahead to have rooms reserved for them. A great number of these people spend several days here and canvass the entire county. This is a splendid sign of a thrifty condition of business affairs.

Joe Miller To Marry.

Friends and relatives of the groom have received invitations to the marriage of Mr. Joseph J. Miller to Miss Christine Knoeckelman, which is to take place at St. John's church, Covington, Ky., at 8.30 o'clock A. M. June 14th.

The groom is a son of Mr. and Mrs. N. Miller of this place and a brother of Mr. Leonard Miller of the Record office. The bride is a daughter of Mr. and Mrs. Louis Knoeckelman of Covington and is one of the most charming members of Covington's younger set.

Popular Couple Wed.

Miss Mae Broadus and Dr. Jonas S. Gilbert boarded the early morning train last Wednesday for Lexington, where at the study of Rev. Mark Collis, pastor of the Broadway Church they were united in matrimony. Rev. Collis performing the ceremony. They left at once for Cincinnati from whence they will go east for a short tour. They will reach home next week and will make their home at Buckeye.

The bride is the daughter of Mrs. Jennie Broadus of Buckeye, she is a young lady of education and refinement and one of the most attractive young ladies of the county.

Dr. Gilbert came to this county from Shelby several years ago and engaged in the practice of his profession, first in Lancaster with Dr. Burnett and afterwards at Buckeye, where he has built up a lucrative practice. He ranks among the leading physicians of the county and is a clever gentleman and a good citizen. The Record extends hearty congratulations to the young couple and wish them a happy and prosperous future.

Bloody Boyle.

Boyle county had another killing last Saturday night. On the notorious Second street Kid McRoberts shot and killed Burl Bradshaw, both colored.

This is the sixth killing in Boyle county within the last six months. They are needing to send a few to the electric chair from Boyle county, which would probably teach them to place a higher value on human life.

Hack to Danville.

Jim Hatcher is running his stage to Danville on Tuesday, Wednesday, Thursday and Saturday of each week for the purpose of carrying passengers and express. He leaves Lancaster at 7:45 in the morning and returns at 4 o'clock in the afternoon. This is quite an accommodation to those who desire to go or send packages to or from Danville and he should be liberally patronized.

Young McKechnie Located.

Letters to relatives from Edward McKechnie from Portland Ore., state that his brother Robert McKechnie who has been mysteriously missing from Louisville, Ky. for several weeks has arrived in Portland and is with him. The letter further states that the young man's mind seems to be slightly unbalanced. Grover McKechnie, another brother will leave at once for Portland to bring his brother home, and is to be hoped that he will soon recover from his unfortunate condition.

"Billy Gooch" Sells Farm.

The Record is informed that Mr. Billy Gooch has sold his farm in the Point Leavell vicinity for \$104.00 per acre. We have not been able to learn to whom this place was sold, but it was to some party from one of the eastern Kentucky counties. The Gooch farm is a good one and in addition to the fertility of the soil, has upon it the finest never failing spring of water in the county.

We have not heard of Mr. Gooche's plans, but we are sure he will remain in the county, and we hope will move into Lancaster.

Tarry Longer next Time.

The visit of the "Booster's Club" to Lancaster was a case of "Off again, on again gone again Flanagan", and we scarcely had time to say howdy do and good by. Now we had not planned that this should be a single handed affair, we are some boosters ourselves, and we have our own row to hoe, and we had prepared to tell Louisville our troubles, but it seems they were not in a receptive mood, for Joe Robinson had scarcely got wound up good, had not finished with his preliminary remarks, much less come to the vital point, before time was called on him. We hope next time that they will so arrange their itinerary as to give us more time. We fully expect before that time to have landed the thing which we now have specifically in mind but we are sure to want something else by then, and we want time to tell them about it.

Lancaster Girl To Wed.

Cards are out announcing the marriage of Miss Louise Kauffman of this city to Mr. John Shackelford of Columbus O. The wedding to take place in the latter part of June, at the Christian Church in this city.

The bride-to-be is one of Lancaster's most accomplished and popular young women. She is a daughter of Mrs. Emma Kauffman. For several years past Miss Kauffman has resided in St. Louis Mo. where she has held a lucrative position in the city schools. The groom is one of the rising young architects of the country and has had charge of the building of some of the most pretentious buildings in this as well as other states. He at present has charge of the reconstruction of the Phoenix hotel in Lexington Ky. He is originally from Richmond Ky. where he is related to the prominent family of that name.

Surprised Their Friends.

The marriage of Miss Letitia Brown and Mr. Jessie Franklin Cook, of Lexington, which took place at the residence of Mr. and Mrs. Jno. S. Baughman, in this city, yesterday afternoon, was a very great surprise to the many friends of this popular couple, "not only in Boyle, but in Lincoln and Garrard counties, where they are equally as well known. The bride, as stated in last issue of The Messenger, was the guest of Mrs. Baughman, and her friends believed that she came to enjoy the Carnival, never supposing that she was so soon to become a bride. It develops that they were to have been married next month, but Mr. Cook came down from Lexington yesterday morning and they decided to spring this surprise. The bride is a very pretty and attractive young woman, the daughter of Mr. H. L. Brown, of Lexington. Mr. Cook is a prominent dealer in live stock, belonging to one of Lexington's largest firms. They left at five o'clock yesterday afternoon for an extended bridal tour. -Danville Messenger.

The bride is well known in Lancaster, in fact she is a Garrard county girl, and one of her fairest daughters. Her mother was the daughter of the late Mr. Allen Beasley and a sister of Messrs W. S. and R. A. Beasley, who but recently moved to Lexington.

Lancaster Loses Again.

The Stanford High School base ball team came over Tuesday and beat our boys again, notwithstanding the fact that Edwards and Broadus were down from Richmond as the home battery.

The score was 6 to 4 in favor of Stanford. At one time the score was 4 to 2 in favor of Lancaster, but they could not hold their lead. The feature of the game was a three bagger by John Gill Kinnaird.

Sample Of Extravagance.

Seven thousand five hundred dollars! This was the amount of the public's money expended to refurbish the offices of Postmaster General Hitchcock under the Taft policy of "cut-to-the-quick" economy. Asked to cite a parallel to this extravagance, Mr. Hitchcock's representative said this amount was nothing to what the Equitable Life Insurance company and other Wall street firms expend.

Negroes Convicted.

In the Lincoln Circuit Court last week Les Gregory, Bud Hawkins and Curley Johnson were found guilty in three cases each charging them with beating and robbing some white men who were on their way to Danville with their tobacco crops last February. The negroes were given indeterminate sentences in each case which Judge Walker ruled should be successive and not concurrent, and which will aggregate each of the negroes twenty five years in the pen.

Good Fair.

Every thing points to the fact that Lancaster is to have a good fair this year. The promoters are busy each day and have about completed the catalogue and premium list.

Every one should begin boosting right now and let's make this the best fair yet. Already the contracts have been let to the privilege men and particular pains were taken to see that only clean shows be allowed. Invite your friends to come to see you during the fair, July 26th., 27th., and 28th.

Good Man Announces.

In this issue of the Record will be found the announcement of Hon. William F. Klair of Lexington for the nomination for Railroad Commissioner for the second district. That Mr. Klair is held in high esteem by his own people is evidenced by the fact that he has held many important offices in Fayette county and in his district, serving now as a member of the lower house of the Kentucky General Assembly. Mr. Klair is a progressive and public spirited citizen, and if elected to the office to which he aspires, we have no doubt would discharge the duties pertaining to the office in a creditable manner.

"Boosting."

The recent visit to Lancaster of that organization of Louisville Business Men known as the "Booster's Club," an off shoot of the Commercial Club should be sufficient illustration of the meaning of the word "boost." Webster gives the definition of the word, "to push up from below," and this is what these people were doing, and the energy with which they were doing it should be sufficient incentive to make every knocker in Lancaster put away his hammer and go to boosting his home town. Lancaster has great possibilities, what she needs is boosting. If every citizen within the confines of Garrard county would go to pushing his home county and town to the front with as much vim and energy as this aggregation of business men were pushing Louisville, the county of Garrard and her county seat would soon bring themselves prominently to the notice of the outside world.

Ben Bruner hit the key note when he said "help along the Metropolis and you help along yourself," that is exactly the idea, help along Garrard county and Lancaster, and good to yourself will naturally follow. Speak a good word for your home county and town everywhere you go. Not only do this, but keep your interests at home. If you live in a remote part of the county and it is closer to a banking institution in some other county, do not take your account there, put it in your home bank. You are a taxpayer here, the county's interest is your interest, her welfare is your welfare, with her you rise, and with her you must fall; then put your shoulder to the wheel in her behalf. Now do not say "my little mite does not amount to anything," it does, every little bit helps, and it is many people having this same thought that detracts from the welfare of the county, if every person would think directly the opposite about this question, you would soon see whether or not it amounted to anything.

A great draw back to any community is that of people who live in it, who subsist from it, who either earn their livelihood in it, or live at the expense of their parents, or some other liberal hearted person in it, continually saying "this is the poorest town in the country, I wish I was away from here." There is no room in a progressive locality for this class of drones, the world is wide, surely one may live where one chooses and we see no reason why, if a person does not like the community in which they live, that they should not move away. They are not only a draw back to themselves,

but their complaints are by no means sweet music to the ears of those good citizens who are striving continually for the upbuilding of the community in which they live.

Lancaster and Garrard county are making rapid strides, and with the amount of energy being exercised aided by a little assistance from the outside world, just such as we hope to secure from our recent visitors, and from like organization in different towns, we see no reason why in the near future we should not have one of the most thriving and prosperous communities in the state of Kentucky. But this will take boosting, every shingle knocked off a roof lets in that much more rain, and our domicile is still in a leaky condition and can ill afford to bear the loss of a single shingle.

The Garrard County Development Association is by no means a dead one, and we hope that the recent visit of a real live commercial organization will thoroughly rejuvenate them, will urge them to place on foot other improvements for our county, will stimulate them to reach out after additional industries, to seek further fields for the sale of our products and to be ever on the alert for any and all things that will tend to make Garrard a better and more progressive county.

Since the adoption of their slogan, we have carried it at our mast head, and we shall continue to do so. Not only this, we believe in it, we believe this really is "The Land Of Now", and that in this Land of Now there are great possibilities, possibly dormant at present, but nevertheless they are there, and in due course of time, and with unceasing boosting they will be developed and the outside world will become cognizant of their existence, and will come with their means to our assistance, and that ultimately, we will rank among the foremost counties in the state.

Our roads are about on a par with the roads in adjoining counties, we have many miles of excellent turnpikes constantly being added to and improved.

Our Schools are far above the average, especially is this a fact as regards the Lancaster Graded School, and with the means at their command they are constantly adding to and improving it, so that as the years roll on we may point to it with more and more pride.

As for our resources, they are practically unlimited, first we have a soil whose fertility is second to none in this or any other state, capable of producing a greater multiplicity of products than almost any known soil.

More and more attention is being given to the stock raising industry, and we are now shipping as many car loads of stock in the course of a year as our neighboring counties.

Our most crying needs are railroad facilities and a market for our products and these matters are being pushed with all energy, and within the course of a short time we hope to see our efforts along these lines bear fruits.

Let us all take more seriously to heart these matters, consider the general welfare from a personal standpoint, and we are sure that the individual efforts of each citizen will work to the great advantage of the community in general, and through it to our own personal good.

Gen Porfirio Diaz on last Friday resigned as President of the Republic of Mexico, vice-President Ramon Corral resigned at the same time. President Diaz will be succeeded by Francisco De La Barra, ex ambassador to the United States, who will be provisional President until after the regular election. Now that the great clamor which brought on a revolution, and which was occasioned by the desire for the resignation of President Diaz, has had its desires rewarded, it remains to be seen whether or not peace and quietude will be restored in Mexico.

Gen. Diaz was elected president and took the reins of government in Mexico on Dec. 1st, 1884, the constitution of that country providing for consecutive election of their president, he has been elected every four years since that time, entering upon his ninth term of office on Dec. 1st, 1908.

President Diaz has done much for Mexico in the way of furthering her advancement and has long been considered a wise man, and held the respect of his people, but there seems to have been a revulsion of feeling which culminated in his resignation.

Justice Sohn M. Harlan of the United States Supreme Court, a Kentuckian, and one to be proud of, although past seventy years of age filed a dissenting opinion from his brother jurists in the Standard Oil case, which shows that the space of years had no effect upon his wonderfully brilliant mind. Judge Harlan takes his associates severely to task for what he terms the modification of the decision of the lower courts, and say that while the greater company is dissolved, yet the decision gives to the several subsidiary companies the right to join in the restraint of trade among the states, provided the restraint be not "undue."

A greater part of New York's "Coney Island" burned last Sunday entailing a loss of \$3,000,000. A number of the animal trainers showed themselves to be heroes in quieting the wild animals amid the flames, "herding" them into a chute and driving them, to places of safety, and when they thought that they would not be able to save them all they went among them and shot them to death, both for humanity's sake and to prevent their escaping and doing damage to the assembled spectators.

Mrs. Francis E. Beauchamp is authority for the statement that the Pro-

hibition party in Kentucky will nominate a full state ticket for the November election and that they will wage a vigorous campaign for the election of their nominees.

Home Talent Show a Success.

The home talent show given at the opera house last Friday evening was one of the best of its kind ever seen in Lancaster. The splendid training of the participants in the play points to the ability of Miss Loubella Jolly who had charge of the affairs and shows her to be a lady of no mean ability in her line. The affair had a splendid attendance and netted quite a neat sum for both its promoters and the Ladies Aid Society of the Christian church, under whose auspices it was given.

Hung Jury.

The Lincoln Circuit Court is still in session last week the case of the Commonwealth of Kentucky vs Humber and Thomas, was tried out and the result was a hung jury. The Court granted a change of venue and the case will likely be tried again at the June term of the Garrard Circuit Court. Humber and Thomas were represented by Hon. J. S. I. Hamilton, R. H. Tomlinson and Judge Peter McRoberts, and the Commonwealth was represented by Hon. Chas. A. Hardin, J. E. Robinson and County Attorney Bill Birch of Lincoln County.

Mr. S. G. Haselden Has Wreck.

Mr. S. G. Haselden and family left home Sunday morning in his big touring car for a two weeks trip to Michigan and Chicago. On Monday while motoring through Louisville Mr. Haselden had a collision with a street car at the corner of Fourth and Walnut streets which completely demolished the auto. Mr. Haselden was accompanied at the time by a chauffeur from a local garage in Louisville who was acting as his pilot. Mr. Haselden was thrown twenty feet and considerably bruised and the chauffeur was also bruised to some extent, but both miraculously escaped serious injury.

Crops Not Damaged.

The unusually hot weather during the month of May, together with the accompanying drought has done some damage in this county, though not as much as is reported from other sections. Grass is injured to some extent as has also the oat crop, in some instances tobacco beds have suffered to some extent and the farmers have been compelled to water them. Tobacco plants are small and the farmers have hardly started setting as yet, however when the plants are large enough the crop will be set in a hurry, as the majority of our farmers prefer the use of the "setter", which they claim secures a better stand and also obviates the necessity of waiting for a rain to bring about a season.

Lots of Automobiles.

Lancaster probably has more automobiles than any town of her size in the state. She averages more than one machine to each one hundred of her fifteen hundred inhabitants. The machines run from the small two passenger "Brush Electric" to the big seven passenger "White Steamer", and not a machine of inferior make in the entire bunch. Aside from those in town there are as many more owned in the county. So common have they become that the old country horses have ceased to pay them any attention, and the good country house wife drives "Old Dobbin" to the country store or to town without any fear of his scaring at the machines.

About Dog Tax.

We hear considerable argument about the taxes on dogs, and for the benefit of those who are not informed we offer the following legal information in regard to the canines:

Each year every dog over four months of age shall be listed for taxation, the owner may fix any value he may desire on the dog when listing, the dog when listed and the tax paid thereon becomes personal property in every sense of the word; dog tax is due and collectible same as other taxes; owners of dogs are liable for damage done by said dog when off his own premises; if when listing said dog, a value is fixed on the dog, the owner may recover exemplary damages from any person who shall kill the dog or entice him away from his premises for the purpose of killing him contrary to law; in the event you own a dog and fail or refuse to list with the Assessor for taxation, you are liable to a fine of \$10; in the event you keep or harbor a dog upon your premises and fail to or refuse to pay the tax thereon, you are liable to a fine of \$25, and upon conviction the judgment may provide for the killing of the said dog and the judgment may be carried out by the Sheriff or any other peace officer. Any person may kill a mad dog, or one affected with "rabies."

The fact that some other person has failed to list or pay tax on a dog neither effects or exonerates you from payment of tax on your dog. If you own a dog and value him, which most people do, be the dog ever so sorry, the proper course for you to pursue is to pay your tax on him, both county and city, for the same law applies to city as well as to county taxes, then you are entitled to the same protection for your dog that you are for any other personal property.

An officer in order to be enabled to kill your dog, must go through the necessary legal proceeding, and this will occasion you considerable cost as well as trouble, so it is infinitely better to pay your dog tax in the beginning and avoid all trouble and controversy in the premises.

Buys Monument.

Messrs R. L. and W. B. Burton purchased a fine new monument from Harris and Wheeler of Nicholasville to be placed at the grave of their Father Mr. W. A. Burton.

Marriage Kept Secret.

Mr. James B. Sanders, youngest son of Mr. J. M. Sanders the merchant at Marksburg, and Miss Suella Jones the youngest daughter of Mr. W. Mc. Jones who conducts a store at Hedgeville in Boyle county, have surprised their many friends in this county by announcing that they were man and wife. They drove to Danville on the 11th day of last February, where they were united in marriage by Rev. Cook, pastor of the First Baptist Church of Danville. The young people were both former residents of the Hackley neighborhood of this county and were popular young society people.

Decision Affirmed.

The Court of Appeals last week affirmed Judge L. L. Walker of the Boyle Circuit Court in the case of John Yocum's administrator versus the Queen and Crescent Route. Yocum was killed by being struck by a train while walking on the railroad tracks near town. Yocum was killed through his own carelessness, yet suit for damages in the sum of \$30,000 was filed against the Queen and Crescent Route.

At first trial in 1908 the plaintiff was given a verdict for \$9,900, which was reversed by the Court of Appeals. The second trial, in September, resulted in a verdict for defendant. The latter decision has thus been upheld. Judge Walker is gradually becoming noted as a judge whose decisions are pretty apt to stand the test.—Harrodsburg Herald.

The Street Fair.

The tents of Adam's aggregation of attraction are spread upon the public square this week and taking every thing into consideration, are attracting good crowds. He has several good attractions, and all are above the average usually carried by street fairs. The people connected with the carnival company are quiet and orderly, and there is nothing objectionable to be seen either among the outside attractions or within the tents. The Ferris Wheel, the Merry-Go-Round, the Hippodrome and the Plantations shows seem to be the leading attraction, while the High Diver, the free attraction, gathers every person within hearing of the "speakers". They have a good band of music with them, and the musicians seem to never tire of their instruments.

A street fair may not be of any special benefit to a town, but if we must have one, it is a pleasure to know we have secured in Adams, one of the best on the road, and it is some compensation to see the number of people who in their enjoyment seem to be wholly free from care, even if some of those who seem to enjoy it most were loudst in their denunciation of it before its coming.

NOTICE OF DEMOCRATIC PRIMARY ELECTION.

The Democratic voters of Garrard County are hereby notified that a Primary Election will be held by order of the Democratic County Committee in pursuance to the resolutions adopted by the said Committee and under the Primary Election law, in the following manner to-wit:—

First:—A primary election will be held in each and every voting precinct throughout Garrard county Kentucky, between the hours of six o'clock A. M. and 4 o'clock P. M., standard time on Saturday July 1, 1911, under and pursuant to the primary election law of the State of Kentucky, and under and pursuant to the regulations adopted by the Democratic County Committee as herein set out, for the purpose of nominating a Democratic Candidate for representative for Garrard County Kentucky in the General Assembly of Kentucky, to be voted for at the General State Election to be held in November 1911.

Second:—In said Primary election, any known Democrat who is a legal voter in the Precinct where he offers to vote, on the day thereof, or who will be a legal voter in said precinct at the regular November election 1911 shall be entitled to vote.

Third:—The officers required to hold said election shall be appointed by the Democratic County Committee for Garrard County Ky., and shall be divided as nearly equally as possible as to Judges, clerks and Sheriffs, among the various candidates, and where the candidates shall furnish a list of names for election officers, as they are entitled to do by law, the said election officers shall be selected from said lists, and said lists shall be furnished by said candidates not less than days before the date of said primary election. The election officers when appointed shall be notified by the secretary of the County Committee and requested to serve. Each candidate in said primary election shall be entitled to a challenger and inspector, and the name of such challenger or inspector shall be submitted to the said committee or the Chairman thereof and his appointment certified by the said Chairman, and the certificate of the Chairman of his selection shall entitle the said challenger or inspector to admission to said voting Precincts.

Fourth:—Said primary election shall be held in all respects as required by law for the holding of primary elections, and a uniform ballot shall be used in every precinct. The precinct ballot boxes and all returns shall be made to the chairman of the County Committee at the Court House in Lancaster Kentucky within the time required by law and on the next day thereafter the County Committee shall meet at the Court House and canvass the returns and certify the name of the successful candidate to the proper officer to be placed under the Democratic device of the Democratic party on the ballot at the general November election 1911.

The precinct election officers shall make returns to the Chairman of the County Committee, the ballots shall be preserved in the boxes, which shall be locked and one key kept by one Judge and another key by another Judge, but in case the candidates shall have furnished lists from which the officers have been selected, the Judges holding the keys must have been taken from different lists.

Fifth:—Any democrat who is legally qualified to hold said office, desiring to become a candidate before said primary election, and to have his name printed on the ballot for said election, shall on or before 12 o'clock midnight of June 15 1911, deposit with the Chairman or Secretary of said Committee the sum of seventy five dollars for the purpose of defraying the expense of said primary election, and such deposit shall constitute notice to the Committee of the desire of such candidate to have his name printed on said ballot for said election. In the event there is a surplus remaining from the amounts so deposited, it shall be returned to the said candidates, and in the event there is a deficit, said candidates in said primary shall be assessed pro rata to make up said deficit.

Sixth:—In the event no more than one candidate shall have qualified as herein set out and made said deposit of Seventy five dollars within the time required, then the said Committee shall meet and declare such candidate to be the nominee of the Democratic party for said office, and the amount so paid shall be returned to him. The order on the ballot in which the names of the candidates shall be printed shall be determined by lot, in the presence of the candidate, at the time of such drawing of which time and place each of such candidates shall be given reasonable notice to be present.

Seventh:—It is ordered that notice of said primary election be posted and advertised as required by law.

By order of the Democratic County Committee for Garrard County Kentucky, this 20th day of May 1911.

PERFECT CONFIDENCE

Lancaster People Have Good Reason for Complete Reliance.

Do you know how—
To find quick relief from backache;
To correct distressing urinary ills;
To assist sick kidneys?
There's one way—your neighbors know—

Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Lancaster testimony.
George Wright, Stanford St., Lancaster, Ky., says: "I have never known of a better kidney remedy than Doan's Kidney Pills. Last fall my back ached a great deal and my kidneys were badly disordered, the kidney secretions being scanty and painful in passage. I fortunately had Doan's Kidney Pills brought to my attention and getting a box at Frisbie's Drug Store, I began their use. They relieved me promptly and in return for the benefit I received, I am willing that my name should be used in recommending them. My advice to all sufferers from kidney trouble is to give Doan's Kidney Pills a trial."

Wins Fight For Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and rundown. For eight months I was unable to work. Death seemed close on my heels, when I began three weeks ago, to use Dr. King's New Discovery. But it has helped me greatly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, the gripe, asthma, hay fever or any throat or lung trouble its supreme. 50c & \$1.00. Trial bottle free. Guaranteed by R. E. McRoberts & Son.

A Last Resort.

Little Boy—I want you to write me an excuse for being late to school yesterday. Jeweler—Eh? You are not my son. Little Boy—No, but mamma says I had plenty of time to get to school, so I guess the clock you sold her doesn't go right.

When Sick

Women suffering from headache, backache, pain inside, or nervousness, or any other ailment resulting from female trouble, should get Cardui and use it regularly. Cardui has been found, by thousands of ladies, to relieve female weakness, by restoring to health the weak womanly organs.

Take CARDUI

Mrs. F. S. Mills, Marietta, Calif., tried Cardui and writes: "I don't think anyone can recommend a medicine more highly than I can Cardui. I had a mishap, followed by inflammation. I positively believe I would have died, had it not been for Cardui. When I began taking it, I could not stand on my feet. After taking two bottles, I was cured, and I now weigh 165 pounds." Try Cardui—it will help you. Sold everywhere.
